

Rupok Hossain Siam

Frontend Developer | React.js & Next.js Specialist

rh.siam999@gmail.com | +8801636755280 | Merul Badda, Dhaka-1212 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend Developer with 1+ year of hands-on experience building production-ready web applications using React.js and Next.js. Proficient in Redux Toolkit for state management, Tailwind CSS for responsive UI design, and NextAuth.js for secure authentication. Delivered 5+ deployed projects including a full-featured e-commerce platform and multi-page business applications. Experienced in professional React-based workflows, version control with Git/GitHub, and deploying on Vercel. Available for remote work and on-site roles in Dhaka.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Redux Toolkit, Tailwind CSS, React Router, Framer Motion, AOS

Authentication: NextAuth.js (Google & GitHub OAuth), Middleware route protection

Tools & Version Control: Git, GitHub, VS Code, npm, yarn

Deployment: Vercel, GitHub Pages

Soft Skills: Problem-solving, Team collaboration, Time management, Written & verbal communication

WORK EXPERIENCE

Frontend Developer (Industrial Attachment) Sep 2025 – Nov 2025

BD Calling IT Ltd | Mohakhali, Dhaka

- Built and deployed a multi-page business website using React.js and React Router, improving component reusability across 10+ UI sections.
- Designed responsive UI components using Tailwind CSS, achieving consistent layout across mobile, tablet, and desktop breakpoints.
- Implemented clean state management patterns and component architecture following industry best practices.
- Version-controlled all project code with Git and GitHub, collaborating within a professional development workflow.

Freelance Frontend Developer Jan 2025 – Present

Self-Employed | Remote / Dhaka

- Developed and deployed 5+ web projects independently, including an e-commerce platform and business landing pages.

- Integrated global state management using Redux Toolkit with cart, wishlist, and data persistence features.
- Implemented social login (Google & GitHub) with NextAuth.js and protected routes using Next.js Middleware.
- Built mobile-first responsive interfaces with AOS scroll animations, achieving clean UX across all devices.

FEATURED PROJECTS

Next.js E-Commerce Platform (Tech & Gadget Store) | *Next.js, Redux Toolkit, NextAuth.js, Tailwind CSS*

Live: gadget-nextjs.vercel.app GitHub: github.com/Rupokhossain/gadget_nextjs

- Built a full-featured e-commerce platform with product listing, cart, wishlist, and secure checkout flow.
- Implemented Redux Toolkit for global state management with localStorage persistence for cart and wishlist data.
- Integrated NextAuth.js for OAuth-based social login (Google & GitHub) with Middleware-level route protection.
- Designed a mobile-first UI using Tailwind CSS with AOS scroll animations for a premium user experience.

React.js Multi-Page Business Website | *React.js, React Router, Tailwind CSS, Git*

Live: react-landing-page-one-blond.vercel.app GitHub: github.com/Rupokhossain/react_landing_page

- Developed a fully responsive multi-page business website with React.js and client-side routing via React Router.
- Created 10+ reusable UI components with clean props structure and maintainable state management.
- Styled all sections with Tailwind CSS utility classes ensuring cross-browser compatibility.
- Managed project lifecycle with Git version control and deployed via Vercel CI/CD pipeline.
